Request for 2018 show

BATTLESHIP TEXAS CAR BIKE & TRUCK SHOW. I am pushing for this event to host 1000+ cars trucks and bikes. There are 20 classes, 21 trophies and 100 first registration plaques. This is a fund raiser for repairs and maintenance for the battleship. We are negotiating top entertainers, a carnival, swap meet, Bar B Q cook off, silent auction and lots of car products. I will have covered parking spaces for only a 100 cars, bikes or trucks. Start registering now for these limited spaces. Still needing vendors and sponsors for the show. Call Sidney at 281-541-9683 for your vendor or sponsor package.

Dear Potential Sponsor,
The Battleship Texas Foundation and Texas Events LLC invite you to become a sponsor for our first annual Battleship Texas Car Show to benefit repairs and maintenance for the battleship. This exciting event will be held June 30th 2018 at Sylvan Beach LaPorte, Texas from 7:00 am until the end of fireworks finally. It is a fundraising event that will include a silent auction, food from local vendors, swap meet, live music and a fireworks display. The primary source of funding for the repair and maintenance is from corporate sponsors, such as you. As you may be aware, the Battleship Texas soon after her commissioning on March 12 1914, Texas saw action in Mexican waters following the "Tampico Incident" and made numerous sorties into the North Sea during World War I. When the United States formally entered World War II in 1941, Texas escorted war convoys across the Atlantic, and later shelled Axis-held beaches for the North African campaign and the Normandy Landings before being transferred to the Pacific Theater late in 1944 to provide naval gunfire support during the Battles of Iwo Jima and Okinawa. Texas was decommissioned in 1948, having earned a total of five battle stars for service in World War II. Among the world's remaining battleships, Texas is notable for being the only remaining World War I-era dreadnought battleship, she is also noteworthy for being one of only seven remaining ships and the only remaining capital ship to have served in both World Wars. Among US-built battleships, Texas is notable for her sizeable number of firsts: the first US Navy vessel to house a permanently assigned contingent of US Marines, the first US battleship to mount anti-aircraft guns, the first US ship to control gunfire with directors and range-keepers (analog forerunners of today's computers), the first US battleship to launch an aircraft, from a platform on Turret 2, one of the first to receive the CXAM-1 version of CXAM production radar in the US Navy, the first US battleship to become a permanent museum ship, and the first battleship declared to be a US National Historic Landmark. Texas was the first permanent battleship memorial museum in the United States. When the battleship was presented to the State of Texas, she was commissioned as the flagship of the Texas Navy. Texas is also one of the oldest surviving modern naval ships, having turned 100 years old on March 12, 2014.

Your sponsorship will help assure that generations of visitors to the Battleship Texas will continue for years to come. Enclosed please find more information on this event and its sponsorship levels. Please do not hesitate to contact me with any questions or concerns. I hope we can count on your support.

Sincerely
Sidney B. Baldon II, Event Coordinator

Friday

- ~~The Pearland Antique and Classic Car Show (PACA) on Friday night, 5:30ish to 9ish, is a cruise-in in Pearland at the Lowe's Home Improvement parking lot, 2741 Broadway Street, Pearland, TX 77581 (518 and Pearland Parkway; it is in front of Lowe's, just behind Sonic and IHOP) **UPDATE 9-8-2017 PACA at Lowe's Canceled** – Lowe's corporate has informed me that we can no longer use their parking for our car show because we have just gotten to big and it is affecting customer base on Friday nights. They were going to send me a cancelling notice at the end of the year anyway, but their continued parking situation during Harvey caused them to do an immediate decision. We need everyone to put their heads together to come up with a place to handle a max of 250 cars in the Pearland area.. I have already talked to John Kelley about the school administration building on business 35, but we have to have time to work out the details and get our insurance and other logistics approved. I need to check the lighting to see if it will work for us. **Temporarily now at Pearland ISD across from WalMart on Highway 35.** We need to put our heads together to see if someone knows of a good place we could possibly meet. If you know of a place I can check out, please call me or contact me at skypylate@sbcglobal.net or 713-923-0224 (713) 20923-0224>(cell). The board will keep you informed of what direction we are going to go. Lowe's ask that we not attempt to have a show as we will be ask to leave. They are sorry about the inconvenience this may have caused.~~

Check the Niftee50ees Web site for dates and status. 9-3-2016 UPDATE SPECIAL BULLETIN: To our fellow classic car owners and guest, we regret to inform everyone that the property owners at the Corum Shopping Center have **terminated our Saturday night events** effective immediately. We have no understanding as to the reasons at this time but did receive a certified letter stating the facts. Under our lease signage the owners do have the right to cancel at their discretion at any time. This was a very short notice and unexpected however we must abide by their request. We ask that everyone refrain from assembling at the shopping center until we are informed on the reasons. NO CARS should be on the premises on any Saturday night. The events are canceled. We will keep everyone posted on our future plans and where we go from here. Our sincere apologies for the unexpected news! – Niftee 50ees~~
